

Ideation Phase

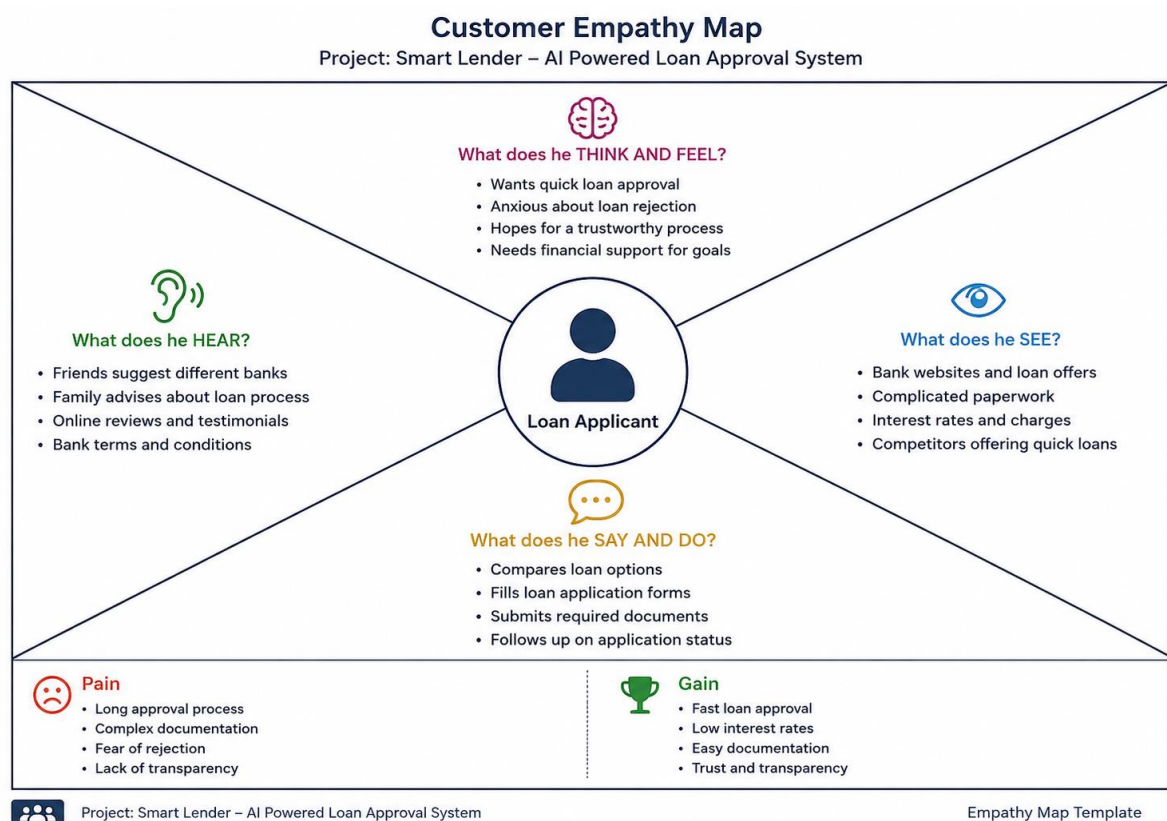

Empathize & Discover

Date	15 July 2026
Team ID	SWTID-2026-3760
Project Name	SMART LENDER
Maximum Marks	4 Marks

Empathy Map Canvas:

The primary user of the Smart Lender system is a loan applicant seeking financial assistance from a bank or financial institution. Applicants expect a fast, simple, and transparent loan approval process without unnecessary delays or repeated paperwork. They often express the need for fair evaluation and clear communication regarding the status of their application. Most customers want to know the reasons behind approval or rejection so they can better understand the decision-making process.
